

2024-2025 Fees and Tuition

There are 28 weeks of lessons, divided into 2, 14-week terms, Aug-Dec and Jan-May.

The tuition payment plans represent a discount off our per-hour rate. Additional family members enjoy an extra discount on their rates. Each student that registers for the tuition plan makes a commitment for regularly scheduled lessons each term. We may need to make a joint evaluation of excess missed lessons during the term to determine a payment or scheduling change. Tuition students will have priority in scheduling their regular lesson time.

The Annual Admin Fee will cover all music books, recordings and other materials used by the student. Additionally, this provides for payment of any of the fees required for participation in Festivals, Auditions and Competitions held throughout the year by teacher's associations we are affiliated with. Furthermore, it covers the Faculty and Student Recitals, Masterclasses, access to SilvaMusicGroup.org and other studio activities that are offered exclusively at Silva Music.
